Regular thickness: 20 - 30mm .

Rectangular Bamboo Anti-slip shower mat and bathroom floor mat :

Such bamboo shower mat mainly can put in Shower room, also put beside bathtub , or outside the bathroom door etc..

Oval bamboo shower mat and floor mat

When it comes to the average bath mat, people often go for something soft and made of fabric. And it makes sense, since its overall purpose is to soak up the leftover wetness from your feet after stepping out of the tub or shower. But if you have more purpose of Clean & Easy Dry & No Mildew & No peculiar smell etc... Then you should consider Wood or Bamboo mat as your shower mat and bathroom floor mat.
